

DOWLING'S REWARD FROM TAMMANY

He Is to Be Sent Back to Board of Aldermen Because He Helped the Wigwam Defeat Devery.

BIG BILL TO HELP STEWART.

Citizens' Union Candidate in the Ninth Will Receive the Indorsement of the Bugs, and the Republicans Hope to Elect Their Man.

Eugene M. Ashley, Treasurer of the United Brotherhood of Paper Company, of this city, and attorney for the first Mrs. Henry M. Flager, now in the care of Dr. Carlos F. Macdonald, at a New Rochelle retreat, has been nominated for the Assembly by the Republicans of the Niagara County District. His home is in Lockport, which will be news to a host of his business relations.

"How sharper than serpent's tooth is the wound of a spitball from a putty blower," murmurs Secretary George R. Manchester, as he reads the demand of the lately despised "kid-gloved and perfumed amateurs" who beat out himself, Alfred and Howard Conkling and the rest of the skilled machinists and elected Alderman Herbert Parsons leader against Deputy County Clerk Henry Hirtell at the Twenty-fifth District primaries, and who now demand his scalp. They insist that he be ousted as secretary of the county organization.

Robert Fulton Cutting, who is going to test the susceptibility of "Smiling Charlie" Murphy's own "glass-house" district to reform influences by offering himself as the Citizens' Union candidate for Alderman, will have his headquarters at Union Square East and sixteenth street. He was born in the district, just across Stuyvesant Square from Murphy's present abode. The district is Tammany. O'Connell got only 1,000 votes there last year, and it went 2 to 1 against Low in 1901.

It is understood that the pact by which Dr. William J. Stewart was to receive the Citizens' Union nomination for Alderman in the Ninth, with the indorsement of the Bill Deverysites to anti-Tammany, is to be carried out, and the Republicans hope to slip in between with their candidate, leaving the public to say whether the Cits have become the new sponsors for "Devery and Deveryism."

If Devery's candidate for Alderman gets the indorsement of the Citizens' Union, the Rev. Robert L. Paddock, who resigned the pastorate of the Protestant Cathedral in Stanton street to go over

BIG "ECONOMY" PROPERTY SOON TO BELONG TO DUSS.

Century Old Village of the Harmony Society Is Near Its End.

PITTSBURG, Pa., Sept. 28.—The old village of Economy, founded just a century ago and over which John S. Duss, the bandmaster, was the latest patriarch, will soon be a memory. Mr. Duss was but one of the younger generation to abandon the peaceful life for the excitement of the outside world until only a few old men and women remain. Economy was built in 1833 by George Rapp, who came from Germany. The society flourished until it owned 2,500

acres of as the land as any in the western part of the State. This property was recently sold for an enormous sum and only a small farm was retained. This will also be sold at once. Since "Johnny" Duss abandoned the village its affairs have been managed by Mrs. Duss. It is said that only seven aged persons now stand between Mr. and Mrs. Duss and the great fortune, and that when these aged members of the society die it will come to the bandmaster.

CARDINAL FOR THE FAIR.

Pope Pius Will Pay Tribute to U. S. in Breaking President.

ROME, Sept. 28.—The negotiations for the participation of the Vatican in the St. Louis Exposition are proceeding satisfactorily. It is considered preferable that the Holy See shall send as its representative an important Cardinal of the Curia. The chief difficulty is that the traditions and etiquette of the Vatican are against sending Cardinals, except Ambassadors, to foreign countries, and they are never assigned to expositions or fairs.

The difficulty will probably be overcome by sending a Cardinal to America in connection with Church affairs, and he will afterward proceed to St. Louis, thus paying to the United States the Papacy's highest tribute.

SOUGHT TO DIE BEFORE A CROWD

Drunken Man with Longing for Death Chose Hanging and Prospect Park, but Rope Broke When He Jumped.

Fredrick Citi was arraigned in court to-day charged with attempted suicide, and Policeman Sullivan told how he had failed to succeed in hanging himself before a crowd in Prospect Park because the rope broke.

Citi admitted that he had tried to end his life while under the influence of drink. With a clothes line over his arm he climbed a tree and while a crowd of frightened boys looked at him he placed a noose around his neck, tied the other end of the rope to a limb and jumped. There was a quick jerk when Citi reached the end of the rope and then he continued his fall, rolling down the hill that led away from the foot of the tree when he struck the ground. Not at all dismayed, he got up and started to try again, when the policeman came in sight.

The sight of the bluecoat evidently brought a change of mind to the would-be suicide, who ran as fast as he could. It was some time before he was overtaken and taken to the station-house.

PACKERS FACE A BIG LABOR WAR

Chicago Employees Organize in Unions and Will Demand Recognition, Shorter Hours and More Pay.

CHICAGO, Sept. 28.—The employees of the big packing firms of the country have combined and 35,000 strong will present demands to the employers on Wednesday. They want the plants of the big concerns unionized throughout, an increase in wages and a ten-hour day. Failure on the part of the employers to grant the demands may plunge Chicago into the greatest labor struggle in its history and bring on smaller fights in other cities, including New York.

Every branch of the packing grade is now organized and the majority of the men employed are members of the various unions. The leaders want the others forced in and this will be the point over which the greatest fight will be made. If the increase in wages is granted \$5,500,000 will be added to the annual payroll of the packers.

The cities to be effected and the number of men in the plants are as follows: Chicago, 2,000; Kansas City, 7,000; South Omaha, \$6,900; St. Joseph, Mo., 2,900; Sioux City, Ia., 1,500; New York City, 1,900; St. Paul, 1,500; and Fort Worth, Tex., 100.

SCROFULA A Disease We Inherit.

Scrofula manifests itself in many ways. Swelling of the glands of the neck and throat, Catarrh, weak eyes, white swelling, offensive sores and abscesses, skin eruptions, loss of strength and weakness in muscles and joints. It is a miserable disease and traceable in almost every instance to some family blood taint. Scrofula is bred in the bone, is transmitted from parent to child, the seeds are planted in infancy, and unless the blood is purged and purified and every atom of the taint removed Scrofula is sure to develop at some period in your life.

No remedy equals S. S. S. as a cure for Scrofula. It cleanses and builds up the blood, makes it rich and pure, and under the tonic effects of this great Blood Remedy, the general health improves, the digestive organs are strengthened and there is a gradual but sure return to health. The deposit of tubercular matter in the joints and glands is carried off, the entire system rallies, and the sores, eruptions, and other symptoms of Scrofula disappear as soon as the blood is restored to a normal condition.

S. S. S. is guaranteed purely vegetable and harmless; an ideal blood purifier and tonic that removes all blood taint and builds up weak constitutions. Our physicians will advise without charge, all who write about their case.
